DESCRIPTION

A new addition to our Cool Vent™ line, the Universal Contrast Shirt offers coolness, comfort and a contrast color option. This unisex shirt is designed with contrasting Cool Vent™ mesh panels placed under the arm & down the sides of the shirt. The panels help to wick moisture away from the skin while allowing cool air back in to encourage evaporation.

FEATURES

- Poly blend
- Cool Vent™ mesh panels with wicking ability
- Patch pocket
- Contrasting topstitching
- Sizes XS-4XL
