BIRKENSTOCK®

HOW TO MEASURE

It's important to measure your foot accurately to find the right size shoe. To work out the size and width you will require, please follow these steps:

1. Measure the length of your foot by standing on a flat surface with your full weight on your foot, then measure the distance from the back of your heel to the tip of your longest toe.
2. If your measurement is in between sizes go up a size rather than down. Note that Birki's are designed to be worn loose rather than fitted like regular footwear.
